- This presentation represents my unofficial interpretation of the FCC's E-rate rules and regulations. Official guidance can come only from the FCC and USAC.
- USAC may update the application portal or the procedures after today's presentation. What I present is correct to the best of my knowledge, but what you see in EPC may be different.

Purpose of the Form 471

- The Form 471 is used to request discounts on services that were competitively bid for a minimum of 28 calendar days through a Form 470 (unless exempted by FCC rules).
- All applicants must file a Form 471 every year to receive discounts.
- Must file separate 471s for Category One & Two
- Deadline: **Thursday, March 22nd at 11:59 p.m. ET** – very bad idea to wait in case you have problems!

WHAT QUALIFIES FOR E-RATE?

- The full E-rate Eligible Services List (ESL) can be downloaded from:
<http://www.usac.org/sl/applicants/beforeyoubegin/eligible-services-list.aspx>
- Eligible services are separated into two broad categories:
 - Category One: Connectivity to the Building
 - Category Two: Connectivity to the Device
- If products/services contain ineligible components, a cost allocation is required to separate out those costs.

CATEGORY ONE (1/2)

Data Transmission Services & Internet Access

- Monthly Internet fees (DSL, cable, fiber, etc.)
- Internet access (cellular data) for bookmobile
- Leased data lines (T1, lit fiber, etc.)
- Self-provisioned broadband networks
- Fees for static IP addresses are eligible as part of your internet access

**FY 2018-19 Category One Services occur
between July 1, 2018 and June 30, 2019**

**No budget limit on
Category One requests**

CATEGORY ONE (2/2)

Voice Services

- Local, long distance, and 800 (toll-free) service
- Plain old telephone service (POTS)
- Integrated Services Digital Network (ISDN)
- Interconnected voice over Internet protocol (VoIP)
- Radio loop
- Centrex
- Satellite telephone service
- Wireless telephone service including cellular voice and excluding data and text messaging
- Fax service

FY 2018-19 Category One Services must occur between July 1, 2018 and June 30, 2019.

No budget limit on Category One requests

Voice Service discounts are being phased out – subtract 80 from your normal discount rate for FY 2018-19. Many libraries will no longer be eligible for these discounts.

Bid Evaluations

Bid Evaluations (1/2)

- **Don't make any decisions or sign contracts until you've reached the Allowable Contract Date (ACD)**
 - ▣ **Generally ACD is 28 calendar days after you filed the Form 470, but may be later if you indicated a different date in RFPs**
 - ▣ **You may continue collecting bids after 28 days**
 - ▣ **If you received only 1 bid, then you should email yourself to memorialize this fact**
 - ▣ **You may contact vendors to request cost proposals in response to your Form 470 after you file your Form 470 or after the Allowable Contract Date has passed**

Bid Evaluations (2/2)

- **Must evaluate all valid bids using cost as the primary factor (most points assigned to E-rate eligible costs)**
 - ▣ You should respond to requests for additional information needed to create a responsive bid.
 - ▣ Spam – generic emails asking you to call or email to request a quote– is not considered a responsive bid and you don't have to respond.
 - ▣ You may disqualify certain bids if you stated those disqualification factors on the Form 470.
 - ▣ You may consider relevant State Master Contracts as bids.

Sample Bid Evaluation

Sample Bid Evaluation Matrix

Hover over each paragraph on the right to see the area of the bid evaluation matrix with which it corresponds.

FACTOR	POINTS AVAILABLE	VENDOR 1	VENDOR 2	VENDOR 3
Price of the eligible products and services	30*	15	30	25
Prior experience with the vendor	20	20	0	20
Prices for ineligible services, products, and fees	25	20	15	25
Flexible invoicing: FCC Form 472 or FCC Form 474	15	0	15	15
Local or in-state vendor	10	10	8	7
TOTAL	100	65	68	92

*This number must be higher than all other numbers in the same column.

List of Disqualified Bidders:

Vendor 1

Reason for disqualification: All interested bidders received two weeks' notice of a required pre-bid conference. Vendor 1 did not attend this conference and did not provide a reason for their absence.

Important things to note about this sample:

The price of the eligible products and services must be the most heavily weighted factor. This means that it must have the highest number of "Points Available."

Vendors are rated on how well they meet each factor. Point values for all factors are totaled for each vendor.

In this sample, Vendor 3, with a total of 92 points, is the winning bid because that vendor has the highest total points.

If a bidder is disqualified, the reason for disqualification should be noted for that vendor (see the "List of Disqualified Bidders" below the matrix).

For more information on constructing a bid evaluation, visit the USAC website at: <http://usac.org/sl/applicants/step02/default.aspx>

E-rate Document Retention

- ❑ **Document retention – keep these 10 years after the last day of FY 2018-19 (meaning June 30, 2029 or later with Cat2!):**
 - ❑ **The FCC Form 470 and RFP(s), if one is issued**
 - ❑ **Questions from potential bidders and your answers**
 - ❑ **Copies of winning and losing bids (including disqualified bids)**
 - ❑ **Final bid evaluation matrix and any supporting documentation**
 - ❑ **The contract, if one is signed.**

A Note on SPINs

- ❑ Do **NOT** assume that the Service Provider Identification Number (SPIN) is the same this year if you used that provider last year.
 - ❑ Sometimes telecoms charge local and long distance to different SPINs, so you may need 2 funding requests for your phone service.
 - ❑ If a cost proposal didn't include a SPIN, contact that company to be certain – don't rely on the SPIN search tool.
 - ❑ If you make a mistake on the Form 471, you can file for a corrective SPIN change, but this is a time-consuming hassle.

Connectivity Information

Provide internet speeds for all branches.

Before You File – Connectivity Info

- **Must enter information about the internet connection at every branch in the library system – has no impact on funding.**
 - ▣ Download and upload speeds
 - ▣ Library systems: do you currently aggregate Internet access for the entire system (as opposed to buying Internet access on a building-by-building basis)?
 - ▣ Predominant Connection Type – fiber, copper, cable, etc.
 - ▣ Wi-Fi quality
 - ▣ Barriers to Robust Network
- **Enter the information based on your current speeds, not based on changes that will happen after July 1st.**

Manage Connectivity Questions

The following questions are intended to gather feedback from schools and libraries on the sufficiency of their Internet access, wide area network connections and the internal connections (e.g. Wi-Fi) in meeting their needs. These questions are designed to provide comprehensive insight into the current state of connectivity for schools and libraries, including services and equipment not funded by the E-rate program. The questions are informational only and will not affect the funding commitments in any way.

System-wide Internet Access Questions

Does your library system currently aggregate Internet access for the entire system (as opposed to buying Internet access on a building-by-building basis)?

YES

NO ✓

SAVE & CONTINUE

Library systems with multiple branches will see a question about aggregating internet for the entire library system – basically this means that internet access comes into one branch and is transported to all the other branches through a wide area network (WAN). Only 7-8 Kentucky libraries do this. **Most libraries should answer No and then click on Save & Continue to see the rest of the connectivity questions.**

Program rules prohibit the funding of duplicate services, which means different funding requests cannot contain services that provide the same functionality to the same population in the same location during the same period of time.

Your FRN has been copied in your current FCC Form 471. As you navigate through the FRN, you must review all of the copied data. Please keep in mind:

- To the extent that the current year form does not have the same fields as the form you are copying, the data will not be copied.

Fiber Request Key Information

Does this FRN include a request for any of the following eligible broadband options?

- **Special construction.** One-time, upfront costs associated with building out leased lit fiber, leased dark fiber, or a self-provisioned network (i.e. special construction charges); and/or
- **Maintenance and operations.** Costs associated with the maintenance and operations for either a leased dark fiber or self-provisioned network; and/or
- **Network equipment.** Costs associated with the purchase of Network Equipment needed to make leased dark fiber or a self-provisioned network functional (e.g., modulating electronics and other equipment).

If any of the above apply, select "Yes" below.

Select "No" if you are only seeking support for the monthly recurring costs for either a leased lit fiber service or a leased dark fiber service (i.e., recurring payments on a dark fiber lease or IRU).

Notes:

- If you are seeking support for both the Special Construction, Maintenance and Operations, and Network Equipment associated with leased lit fiber or a dark fiber lease/IRU, then you create multiple FRNs for each service that are included in that FRN.
- If you select "Yes" below, you should create separate FRNs for special construction, maintenance and operations, and network equipment charges. If charges for M&O and Network Equipment are bundled purchase option, then you create one FRN option.

Monthly Recurring Cost is the amount charged by your service provider for each month.

Monthly Recurring Ineligible Costs are the portion of the Monthly Recurring Cost that is not eligible for E-rate discounts.

See next two slides for information on entering the monthly costs for phone service and which charges are ineligible for E-rate discounts.

One-time Unit Cost is the amount charged by your service provider for the One-time Quantity field.

One-time Ineligible Unit Cost is any portion of the One-time Cost that is not eligible for E-rate discounts.

Cost Calculation—Monthly Costs

Monthly Cost	
Monthly Recurring Unit Cost	\$30.00
Monthly Recurring Unit Ineligible Costs	\$0.00
Monthly Recurring Unit Eligible Costs	= \$30.00
Monthly Quantity	5
Total Monthly Eligible Recurring Costs	= \$150.00
Months of Service	x 12

For voice service requests, USAC wants to know how much each line costs.

There are three blanks under Monthly Costs:

Monthly Recurring Unit Cost – Total amount for phone service divided by the number of phone lines. Best practice: list only the eligible amount.

Monthly Recurring Unit Ineligible Costs – Amount each month for ineligible features. Best practice is to leave this blank. The next slide has examples of ineligible costs.

Monthly Quantity: The number of phone lines (including fax lines)

The form will automatically total the costs for the month and year:

Total Monthly Eligible Recurring Costs – Total eligible amount you pay for voice service each month

Funding Commitments

- Based on previous years, USAC will begin releasing funding in waves a few weeks after the Form 471 filing window closes. Once a Form 471 is reviewed, USAC will issue a Funding Commitment Decision Letter (FCDL) indicating which FRNs were funded and in what amounts.
 - Applicants receive email notices when FCDLs are issued. The email directs applications to the E-rate Productivity Center. You will NOT receive any paper notices about FY 2018-19 funding.
 - After receiving an FCDL, applicants must file a Form 486 to make CIPA certifications before any funding can be released for invoicing.
